## **18-19 Plan for School Improvement**

Overview..... 20

Goals Summary..... 21

    Goal 1: All students at East Leroy Elementary will become proficient readers..... 22

    Goal 2: All students at East Leroy Elementary will become proficient at Mathematics..... 24

    Goal 3: All students at East Leroy Elementary will become proficient writers..... 25

    Goal 4: All students at East Leroy Elementary will become proficient at science..... 27

    Goal 5: All students at East Leroy Elementary will become proficient at Social Studies..... 28

    Goal 6: Improve Student Behavior..... 29

Activity Summary by Funding Source..... 31

## **Introduction**

The SIP is a planning tool designed to address student achievement and system needs identified through the school's comprehensive needs assessment (CNA). Additionally, the SIP provides a method for schools to address the school improvement planning requirements of Public Act 25 of the Revised School Code and the Elementary and Secondary Education Act (ESEA) as applicable.

# **Improvement Plan Assurance**

## **Introduction**

During the 2016-2017 school year, schools will have two options for Goals and Plans. 1. Update Goals and Plans, if necessary, based on analysis of data and Program Evaluation; 2. Complete and upload the Abbreviated Goals and Plans template into ASSIST, based on analysis of data and Program Evaluation.

## Improvement Plan Assurance

| <b>Label</b> | <b>Assurance</b>                             | <b>Response</b>           | <b>Comment</b>  | <b>Attachment</b> |
|--------------|--|---------------------------|---|-------------------|
| 1.           | Which option was chosen for Goals and Plans? | Goals and Plans in ASSIST | We are continuing to do our school improvement plans in Assist. |                   |

# **Title I Targeted Assistance Diagnostic**

## **Introduction**

This diagnostic tool is aligned to requirements for Title I Targeted Assistance schools. As described in sections 1111(b)(1), 1114 (b)(1)(A) and 1309(2) of the Elementary and Secondary Education Act (ESEA), the Comprehensive Needs Assessment (CNA) requirement is met by completing a School Data Analysis (SDA) and School Process Profile (SPP). The Comprehensive Needs Assessment must be completed prior to creating a new plan or annually updating an existing school improvement plan. Use the results of the Comprehensive Needs Assessment to develop Goals/Objectives/Strategies and Activities. Ensure that the Comprehensive Needs Assessment addresses all four types of data: student achievement data, school programs/process data, perceptions data (must include teachers and parents; student data is encouraged), and demographic data. The Comprehensive Needs Assessment must also take into account the needs of migratory children as defined in Title I, Part C, Section 1309(2).

## Component 1: Needs Assessment

### 1. How was the comprehensive needs assessment process conducted?

The compliance officer met with the staffs and stakeholders to examine data and complete the needs assessment. Stakeholders were asked in addition to provide input. These results were compiled and entered into the report by the compliance officer.

### 2. What process was used to identify children who are failing or most at risk of failing to meet the state core curriculum standards in the four core academic areas?

The Title I Director, the school counselor and the classroom teachers all provide input into children who are at risk. Students who are measured as at risk by assessment data including classroom assessments, school assessments and state assessments are identified. Meetings are held on individual students to address the student needs and interventions to ensure students success.

### 3. List the multiple, educationally related, objective criteria established for the needs assessment process - consistent by grade level and content area - to identify children who are failing or most at risk of failing to meet the state core curriculum standards in the four core academic areas.

Grades K-2

DIBELs, MLPP, Math Recovery screeners, classroom assessments, STAR Reading, Early Literacy Tests

Grades 3-5

DIBELs, MLPP, Math Recovery screeners, classroom assessments, STAR Reading and the M-STEP

### 4. For schools with preschool through grade 2: Describe the identification process for preschool through grade 2 if it is based solely on criteria such as teacher judgment, interviews with parents and developmentally appropriate measures that determine which children are failing or most at risk of failing to meet the State's challenging content and student performance standards.

Grades K-2

The Early Literacy Test, DIBELs, MLPP, Math Recovery screeners, classroom assessments, STAR Reading are used to identify at risk students. Students are monitored through these assessments to identify and implement interventions for these students. Collaboration between staff and parents is present in a process called the AT Risk meetings and the Child Study Process which includes implementing interventions for these students.

## **Component 2: Services to Eligible Students**

**1. Describe the Title I, Part A program services which are provided to ensure eligible children receive supplemental assistance in the four core academic areas.**

Paraprofessionals and the Title I teachers provide assistance to these students inside and sometimes outside the classroom to help these students achieve success. This occurs in all 4 core academic areas.

### **Component 3: Incorporated Into Existing School Program Planning**

**1. How is program planning for eligible students incorporated into the existing school improvement planning process?**

These students are included in the school improvement planning process in the same way other students are. They need to reach the same goals. Also included in the improvement process are additional interventions such as parapro support or summer school to help them reach the goals.

## **Component 4: Instructional Strategies**

**1. Which instructional strategies in the plan focus on helping eligible students reach the State's standards in the four core curriculum academic areas?**

Data driven instruction, parapro support, Title I teacher support, after-school programs, summer school and PD to increase teacher effectiveness.

**2. Identify the research-based methods and strategies in the plan that ensure effective methods will be utilized to improve overall student academic achievement.**

Data driven instruction and PD to increase teacher effectiveness.

**3. Describe your extended (supplemental) learning program, including how it provides an accelerated quality curriculum.**

Parapro and the Title I teacher provide extended learning opportunities during the school day to students who are having trouble learning the curriculum. In addition, we provide summer school and after-school support for those students. These extended learning opportunities provide a quality accelerated curriculum by enabling these students to catch up to their peers.

**4. Describe how you ensure that students are rarely pulled from their regular classroom to receive supplemental instruction through extended learning opportunities.**

The parapro are almost always in the general education classroom working with at risk students. The Title I Director and Compliance Officer ensure this by record keeping and observations.

## **Component 5: Title I and Regular Education Coordination**

**1. In what ways do ongoing coordination and integration occur between regular education and supplemental Title I, Part A programming - including services for children with Limited English Proficiency, if applicable?**

Both the general education teacher and the Title I director work with the paraprofessionals and direct their efforts in working with the students. We also supply supplemental instruction to ELL students

**2. For schools with kindergarten: Describe the school's transition plan for preschool age children that involves more than a once a year visitation to the kindergarten classroom.**

We do have a kindergarten visitation program that involves a one-day visit. In addition, however, we provide a Kindergarten Transition program right before school begins in the fall. Preschool teachers from Head Start, GSRP and etc. are present to help make the transition easier.

### Component 6: Instruction by Highly Qualified Staff

| Label | Assurance  | Response | Comment  | Attachment |
|-------|--|----------|--|------------|
|       | 1. Do all of the Title I, Part A instructional paraprofessionals meet the NCLB requirements for highly qualified? Provide an assurance statement regarding this. | Yes      | All of our paraprofessionals meet the requirements for highly qualified. |            |

| Label | Assurance   | Response | Comment  | Attachment |
|-------|---|----------|--|------------|
|       | 2. Do all of the teachers meet the NCLB requirements for highly qualified? Provide an assurance statement regarding this. | Yes      | All of our teachers meet the NCLB requirements for highly qualified. |            |

## Component 7: High Quality and Ongoing Professional Development/Learning

**1. What types of ongoing and sustained professional development/learning will the staff (teachers, principals, and paraprofessionals) receive to work with Title I Part A eligible children in the Targeted Assistance program or in the regular education program?**

Staff will receive PD that is ongoing and sustained in the area of data collection and using data to drive instruction. PD will also be provided through a writing coach to help staff teach writing in a more effective way. In addition, there will be PD available in the other core areas to enable staff to improve their instruction.

**2. If appropriate, what types of ongoing and sustained professional development/learning will be provided to parents, pupil services personnel, and other staff who work with Title I Part A eligible children in the Targeted Assistance program or in the regular education program?**

We will provide PD in data collection, data processing and using data to drive instruction.

| Label | Assurance  | Response | Comment   | Attachment |
|-------|--|----------|---|------------|
|       | 3. Your school's professional development/learning plan or calendar is complete. | No       | Some of our PD is schedule, but other PD is made available during the year and this is obviously not yet scheduled. |            |

## Component 8: Strategies to Increase Parental Involvement

### 1. How are parents involved in the design of the Targeted Assistance program plan?

Parents are asked for input and provided with information. They also sign the compact if their child receives Title I support.

### 2. How are parents involved in the implementation of the Targeted Assistance program plan?

Parents sign the compact if their child receives Title I support and are kept informed of their student's progress.

| Label | Assurance  | Response | Comment  | Attachment |
|-------|--|----------|--|------------|
|       | 3. Are parents involved in the evaluation of the Targeted Assistance program plan? How are parents involved in the evaluation of the Targeted Assistance program plan? | Yes      | Input from parents is taken into account in evaluation of the program. |            |

### 4. Describe how the parent involvement activities outlined in Section 1118 e (1)-(5) and (14) and Section 1118 (f) are implemented.

Parent involvement is important. We monitor all students and especially Title students with various school assessments including DIBELS, the Early Literacy Test, MLPP and Math Recovery. We work closely with parents and encourage them to work with their children. We supply them with the knowledge and materials in order to do so. Coordination with Head Start and GSRP is carried out through the building secretary and the Title I Director. All communication is put in non-educational language including staff-parent conferences and meetings. Written communication is provided through newsletters and our school website.

### 5. Describe how the parent involvement activities are evaluated.

We are also in the process of evaluating programs. Parent input and evaluation is considered essential. This valuable information is used to adjust our plans.

### 6. Describe how the school-parent compact is developed.

The school-parent compact was developed by the Title I Director and the Compliance Officer with input from staff and parents.

## School Improvement Plan

East Leroy Elementary School

| Label | Assurance                                       | Response | Comment | Attachment |
|-------|---|----------|---------|------------|
|       | 7. Do you have a Title I School-Parent Compact? | Yes      |         | compact    |

### 8. How does the school provide individual student academic assessment results in a language parents can understand?

All of our staff are trained in communicating results to parents in easy to understand words. All written communication is reviewed by at least one other staff member to make sure that the communication is easy to understand.

| Label | Assurance   | Response | Comment | Attachment       |
|-------|---|----------|---------|------------------|
|       | 9. Does the school have a Title I Parental Involvement Policy/Plan? | Yes      |         | involvement plan |

### 10. Describe how the parent compact is used at elementary-level parent teacher conferences.

The parent compact is used to reinforce what the school and what the parent responsibilities are regarding the student.

## **Component 9: Coordination of Title I and Other Resources**

**1. Describe how the Federal, State and local programs are coordinated and integrated to serve eligible children.**

All programs are coordinated through our Child Study process. The Child Study staff is made up of general education, special education, At Risk and Title staff to ensure that everything is done in the best interest of the student.

**2. Describe how the plan demonstrates coordination and integration of Federal, State and local programs and services in a manner applicable to the grade levels of the school: violence prevention programs, nutrition programs, housing programs, Head Start, adult education, vocational and technical education, and job training.**

We are a small school district with limited staff. In this instance the coordination and integration is easier than in a larger district. We wear multiple hats and so it is relatively easy to coordinate these programs.

## **Component 10: Ongoing Review of Student Progress**

### **1. Describe how the progress of participating students is reviewed on an ongoing basis.**

The progress of eligible students is monitored throughout the school year through various assessments. Meetings between the general education staff and Title Director are held periodically to assess the progress of students.

### **2. Describe how the Targeted Assistance program is revised to provide supplemental learning opportunities that enable participating children to meet the State's challenging student achievement standards.**

The targeted assistance program is under constant revision to meet the needs of eligible students. As students progress in the general curriculum, their instruction is changed based on their needs. Interventions are implemented based upon the assessments to monitor student growth.

### **3. Describe how teachers have been trained to identify students who need additional assistance or how to implement student achievement standards in the classroom based on the review of student progress.**

Teachers and staff have been trained in PD to administer assessments and recognize students who are at risk as shown on the assessment. They have also been trained in PD to provide interventions to struggling students. PD has also been provided in teaching the academic standards.

## **Evaluation**

NOTE: This is NOT a Targeted Assistance Plan Rubric Requirement---but it IS part of the process of Continuous School Improvement. This has been patterned after the Schoolwide Plan requirements, and it fulfills PA 25 requirements for an annual review of the plan.

### **1. Describe how the school evaluates the implementation of the Targeted Assistance program at least annually.**

The evaluation of the targeted assistance program is constantly be conducted and modifications are carried out based on the evaluations. At the end of every year the Title I Director and Compliance Officer evaluate all aspects of the program using input from assessments, parents and staff.

### **2. Describe how the school evaluates the results achieved by the Targeted Assistance program using data from the State's annual assessments and other indicators of academic achievement.**

The M-STEP is a valuable tool to help evaluate the program and the success of the students. Students who perform poorly on the M-STEP are placed in the program. The M-STEP along with other data may indicate a student who no longer needs the assistance of the program.

### **3. Describe how the school determines whether the Targeted Assistance program has been effective in increasing the achievement of eligible students who are furthest from achieving the standards.**

All of the students in the program are monitored for academic growth. Students who are the furthest from achieving the standards are provided with more interventions. Progress in the curriculum of these students must be demonstrated or changes in the program must be made.

### **4. Describe the process that is followed by the school to revise the plan, as necessary, based on the evaluation, to ensure continuous improvement of eligible students in the Targeted Assistance program.**

Student progress is monitored continually by the general education and Title staff to measure growth. If this growth does not occur, interventions are implemented and growth is continued to be monitored.

# **18-19 Plan for School Improvement**

## Overview

### Plan Name

18-19 Plan for School Improvement

### Plan Description

This is our school improvement plan for 2018-19.

## Goals Summary

The following is a summary of the goals encompassed in this plan. The details for each goal are available in the next section.

| # | Goal Name  | Goal Details                                    | Goal Type | Total Funding |
|---|--|---|-----------|---------------|
| 1 | All students at East Leroy Elementary will become proficient readers.          | Objectives: 1<br>Strategies: 3<br>Activities: 6 | Academic  | \$33219       |
| 2 | All students at East Leroy Elementary will become proficient at Mathematics    | Objectives: 1<br>Strategies: 4<br>Activities: 5 | Academic  | \$28097       |
| 3 | All students at East Leroy Elementary will become proficient writers           | Objectives: 1<br>Strategies: 3<br>Activities: 4 | Academic  | \$19200       |
| 4 | All students at East Leroy Elementary will become proficient at science        | Objectives: 1<br>Strategies: 2<br>Activities: 3 | Academic  | \$19480       |
| 5 | All students at East Leroy Elementary will become proficient at Social Studies | Objectives: 1<br>Strategies: 2<br>Activities: 3 | Academic  | \$15180       |
| 6 | Improve Student Behavior   | Objectives: 1<br>Strategies: 1<br>Activities: 1 | Academic  | \$0           |

## Goal 1: All students at East Leroy Elementary will become proficient readers.

### Measurable Objective 1:

80% of Pre-K, Kindergarten, First, Second, Third, Fourth and Fifth grade Black or African-American, Asian, White, Economically Disadvantaged, Gifted and Talented, Hispanic or Latino, Students with Disabilities, English Learners, Two or More Races, American Indian or Alaska Native and Native Hawaiian or Other Pacific Islander students will demonstrate a proficiency on the State Standardized tests in English Language Arts by 06/14/2021 as measured by by scoring proficient on State Standardized Tests and in district developed assessments.

### Strategy 1:

Professional Development - Teachers K-5 will have the opportunity to attend professional development that will provide them with the learning to enable them to teach reading more effectively. This would include

Using Illuminate DnA to individualize instruction, implementing Common Core in the English classroom, and the MCEC
